

UNLEASH THE BOTS

TECH
DEMO
DAY

Autonomous Mobile Robots, Cobots, and Mobile Manipulators

SCRA and ASTM International invite you to attend **UNLEASH the BOTS** to benchmark technology solutions with your colleagues and to discuss common challenges across manufacturing with select Vendors.

If you're struggling to:

- find more flexible and safer solutions for parts delivery and handling,
- achieve the last mile to integrate mobility, vision, and end effectors, or
- minimize labor constraints and improve your OEE, then this event could be useful for you.

Join us to dive deeper into the pros and cons of AMRs, cobots, and mobile manipulators.

See page two for list of speakers and demos.
