

WHO IS SCRA?

Chartered in 1983 by the State of South Carolina as a public, nonprofit corporation, SCRA fuels South Carolina's innovation economy by accelerating technology-enabled growth in research, academia, entrepreneurship and industry.

WHAT IS THE IPF?

The Industry Partnership Fund (IPF) has been in place since 2006. SCRA uses the funding to fuel the innovation economy in South Carolina. Last fiscal year, IPF contributions funded \$4.75 million in technology-related grants and investments.

WHY CONTRIBUTE TO THE IPF?

Contributions made by you and/or your company provide a 100% credit against South Carolina state taxes, up to \$1,000,000 in 2024. In addition, depending upon your company's facts and circumstances, you may be entitled to a deduction against your federal income taxes as a business expense. The 2024 annual cap is \$9 million - when it's gone, it's gone!
